

Interpreting your National Evaluation Series™ Score Report

Your score report provides your results and a description of your performance for the test taken on the test date.

1 Score

Your total score is reported on a scale from 100 to 300 and is based on the number of multiple-choice questions you answered correctly. If you received a test score at or above the National Benchmark, you have a “Pass” status. If you received a score below the National Benchmark, you have a “Did not pass” status.

2 Reporting

The state(s), institution(s), and/or educator preparation program(s) listed receive your scores as you indicated during registration.

3 Scaled Total Test Score

If you meet the minimum passing score in some states, your numeric score will not be reported and you will receive only a “Pass” status. Your scaled total test score is based on the number of multiple-choice questions you answered correctly.
